

Recruitment Announcement
Education Advisory Committee
October 12, 2006

Arizona Real Estate Commissioner Elaine Richardson has established an Education Advisory Committee, which assists the Department in its mission of protecting the public interest by raising the level of professionalism in the Real Estate sector without creating undue barriers to entry into the profession.

The EAC has some upcoming vacancies in certain membership categories:

- Commercial or Business Brokerage (2)
- Industrial Brokerage (2)
- Real Estate Instructor (1)
- Public Member (2)

If you are interested in serving on the committee and your experience or current position dovetails with an upcoming opening for 2007, please submit a letter stating your interest and describing your work experience and education.

The EAC meets every other month, with more frequent meetings from time to time as needed. The EAC members are volunteers and are not compensated for their time, nor reimbursed for expenses.
